

Konfi Camp 2010 (Romania)

Kenny and the team arrived home in the early hours of Monday morning.....

Here is the news so far:

"Arrived home in the early hours of yesterday morning and have now caught up on needed sleep! It was a busy week which went well as we worked with Csaba and Illona and 17 teenagers. We saw God answer prayer in watching over us as we travelled, that none of the team were sick and especially that the young people attending would bond well together. The devotional theme for the week was the story of the Prodigal Son and the message that had for the young people. The crafts and sports were all opportunities to get to know the teenagers and by the end of the week the seed of Gods word was sown and we need now to pray that God will give the increase in these precious young lives. This was a wonderful experience and one that the team benefited from in our daily team devotions before the day began and as we led the evening devotions for the teenagers. Will give further and more details shortly."

Kenny and the Team

Please pray:

Pray that the Holy Spirit will continue to speak and encourage the young people who attended the camp. Some of the young people have real problems in their lives that only God has the answer for. Give thanks for safety in travel, good team bonding and God's helping hand throughout the week at the camp.
